4th grade tours wrap up 9th year

The Port of Grays Harbor wrapped up the ninth year of 4th grade tours earlier this month with nearly 900 students, teachers and parents from throughout Grays Harbor County coming to see first-hand what the Port does in their community.

The program includes a Port-based curriculum addressing the grade-level standards in the areas of math, reading and history that the students complete prior to their visit. Upon arrival, the students are given a brief overview presentation and then board their buses for a tour of the Port's industrial properties and marine terminals.

Transportation for the tours was provided at no cost to the participating schools thanks to the Gladys Philips Cultural Tours Grant via the Grays Harbor Community Foundation.

Experience your working waterfront

Westport Marina offering walking tours of Washington's #1 seafood landing port

The Westport Marina, Washington's number one seafood landing port, will be offering walking tours of its busy working waterfront in August. Photo Credit: Lost River Photography

For the first time in its history, the Westport Marina is excited to announce it will offer walking tours of its busy and unique working waterfront next month.

The 90-minute tour will feature a Marina overview, followed by visits with commercial fishermen, seafood processors, the charter fishing fleet, the Westport Maritime Museum and a visit to the Westport viewing tower.

"We are thrilled to showcase the diverse users of the Westport Marina and the role our working waterfront plays in Southwest Washington's economy," shared Westport Marina Business Manager Molly Bold. "With

several projects underway or recently completed and both commercial and sport fishing going on, August is a perfect time to observe the Westport Marina full of activity."

A FACILITY OF THE PORT OF GRAYS HARBOR

Walking Tour Dates:

August 15th: 3:30 - 5pm
August 29th: 3:30 - 5pm

Reservations are required. Call 360-533-9562 to reserve your spot. Comfortable, closed-toe shoes are also required.

AGP's Aberdeen, SD processing facility celebrates grand opening

Port of Grays Harbor Commissioners and staff joined AGP representatives in Aberdeen, SD for the grand opening of their brand new processing facility. The facility will be online for this year's harvest.

Port of Grays Harbor Commissioners and staff joined more than 300 AGP producers, board members, staff and dignitaries in Aberdeen, SD earlier this month to help AGP celebrate the grand opening of their newest soy processing facility.

The facility, AGP's tenth and largest, has already begun receiving and storing soybeans. The facility will begin processing in the coming weeks.

The soymeal will be bound for export at AGP's Terminal 2 Storage and Export Facility at the Port of Grays Harbor in Aberdeen, WA.

"It was a pleasure to be in Aberdeen, SD to celebrate AGP's newest processing facility," said Commissioner Stan Pinnick. "We have long awaited the Aberdeen to Aberdeen connection and look forward to AGP's success at the facility."

Jack Thompson Way sign unveiled at East Terminal Way

Family and friends of late Port of Grays Harbor Commissioner Jack Thompson joined Commissioners and staff for the unveiling of the Jack Thompson Way sign at East Terminal Way in honor of his 24 years of service at the Port of Grays Harbor and his dedication to the industry and the community.

"Jack played a pivotal role in the Port of Grays Harbor's success in international trade during his tenure," shared Commission President Stan Pinnick. "It is with great honor that we recognize his contribution to the entire port industry and the community with the naming of Jack Thompson Way."
